This article is about **the real-life reference book**. You may be looking for ***The Bounty Hunter Code***, one of the **in-universe documents published within it**.

The Bounty Hunter Code: From the Files of Boba Fett is a reference book on Boba Fett and other bounty hunters written by Daniel Wallace, Ryder Windham, and Jason Fry. As with the previous in-universe publications *The Jedi Path* and *Book of Sith: Secrets from the Dark Side*, it includes a number of artifacts from the *Star Wars* galaxy. It was originally released on October 15, 2013. A standalone version of the book, minus the case and additional items, was released on August 19, 2014.

The reference book is compiled from two main books that also serve as in-universe documents:

- *The Bounty Hunter Code*, compiled from the *Bounty Hunters Guild Handbook* and a *Death Watch handbook*

*The Bounty Hunter Code:
From the Files of Boba Fett*

Publisher's summary

When legendary [bounty hunter Boba Fett](#) met his untimely end at the [Pit of Carkoon](#), the [Rebel Alliance](#) discovered a secure, blast-proof [bounty](#) hunter's case holding Boba Fett's personal items. For [years](#) it remained hidden away. But now all who wish may unlock the secrets held within...

Press the buttons, insert the [data card](#), and the case opens with sounds and lights. Housed within is a text of great import. At some point in his career Boba Fett bound together the latest edition of the [Bounty Hunters Guild Handbook](#) and a manifesto from [Death Watch](#), the secretive splinter group of [Mandalorians](#). Together, these volumes make up [The Bounty Hunter Code](#).

The handbook is an essential guide for all bounty hunters. Senior [Guild](#) members offer advice for hunters new to the [Guild](#), a detailed list of the tools and techniques crucial to the "crimson trade," and the basics of making a living on the margins of [galactic](#) law. Boba Fett has scrawled additions and commentary in the margins throughout, as have the bounty hunters [Greedo](#), [Bossk](#), and [Dengar](#), all of whom were once in possession of the [Handbook](#).

The [Death Watch](#) volume—part informational guide, part manifesto—is full of [Death Watch](#) history, philosophy, and discussions of key Mandalorian gear: their famous T-visors, their celebrated [armor](#), and their impressive [jetpacks](#). This [Death Watch](#) booklet was originally taken from [Death Watch](#) leader [Tor Vizsla](#) and given to Boba by his father, [Jango Fett](#), and features handwritten notes from father to son. Boba in turn intended to leave it to his [daughter](#), and so he's added his own annotations to aid in her education. The bounty hunter [Aurra Sing](#) and the pirate [Hondo Ohnaka](#) have added their commentary as well.

Tucked beneath [The Bounty Hunter Code](#) is [Cradossk's](#) memoir, [Making a Killing](#), a brutal account of his rise to the top of the [Bounty Hunters Guild](#).

From the creators of [Book of Sith: Secrets from the Dark Side](#) and [The Jedi Path](#), in collaboration with [Lucasfilm](#), [The Bounty Hunter Code](#) reveals the secrets of the hunt and offers insight into this demanding, dangerous, and misunderstood profession.

The case includes:

- [The Bounty Hunter Code](#)
- [The 48-page memoirs of Cradossk, former head of the Bounty Hunters Guild](#)
